**DETAILED ACTION**

***Information Disclosure Statement***

1. The I.D.S filed 1 December 2004 contains a patent number 5,545,579 where the date and the name of the inventor do not matched with the patent number. In the Notice of Allowance dated 9 March 2005 the examiner incorrectly considered this reference with the incorrect information. It is uncertain what information to this reference should be published and what the reference is that the examiner is being asked to considered. As such the examiner has withdrawn the consideration of this reference. It is believed that the patent number should have been 4,545,579 with the inventor's name being McCain with a patent date of 8 October 1985. This patent is consistent with the discussion made in the Information Disclosure Statement dated 1 December 2005. The consideration of this patent has been made and is included in the attached PTO-892.
